Local Economy Support Grant for SMEs, etc.

Previously, the Mie Prefectural Government offered its support grant to help small and medium enterprises (SMEs), individual business operators, etc. facing particularly difficult circumstances continue their businesses, due to the prolonged impact of the requests to business operators, such as business suspension and shorter business hours, and requests to citizens to refrain from outings, etc. in line with the state of emergency declaration, etc. The City of Yokkaichi will offer its own support grant in addition to that provided by the Mie Prefectural Government to help SMEs, individual business operators, etc. in the city continue their business.

1. Eligible recipients
